## SUMMARY

As a Computer System graduate, I possess skills in technologies such as the MERN stack, SvelteKit, and IoT with NodeMCU. My experience includes developing innovative solutions for IoT projects, affirming my commitment to utilizing the latest technology. With strong expertise in JavaScript, I excel in web development using the MERN stack and SvelteKit, as well as troubleshooting and debugging skills to ensure optimal functionality. With an emphasis on careful documentation, I can communicate technical concepts clearly.
